C  Product Profile
D  Completed Projects
Our pools combine four elements: function, safety, reliability and elegance. Together with real value-for-money, they add up to absolute desirability.

absolute-pools meet the needs of both individual home owners and developers with multiple pool requirements.

For best-of-class swimming pools and a professional, straightforward service, contact absolute-pools.
welcome to absolute-pools!

absolute-pools are a leading provider of pools and water features.

We have a strong Retail business installing and servicing private pools for home owners in our local market in Dubai and this is where our story began.

Our core competency today is providing multiple pools for Real Estate and Resort developments, with both the products and the necessary Project Management experience to deliver on-time, on-budget, on-quality.

Through having all skill sets in-house: design, engineering, production, installation and service we are able to ensure professional delivery and performance.

We have become a world-class supplier of specialist pools for exacting requirements such as in the Spa and Wellness field and we carry out the design and build of water features.

This document provides data on our Organisation, our Approach and on our Experience.
The absolute Group serves hotels and resorts, the real estate developer and the home owner. Our focus is pools and water features and a range of associated services.
Whether it be a pool for the home owner, multiple-pools for a project or water features for a resort development...our aim is for absolute-pools to be the preferred choice.
PARTNERS

A member of the Board and Managing Director Frank Mason, is also the founder of absolute-pools.

Frank Mason has been in the pool and spa business for over 20 years and his passion is for pools and providing safe, innovative and enjoyable in-water experiences.

A member of the Board, Peter Jamieson, is GM of the UAE and Operations Director, he has overseen absolute-pools developing the capability to carry out large scale projects.

Process driven, Peter ensures professional delivery on the most demanding projects.

absolute-pools is proud to work in partnership with several highly respected individuals from the Gulf region.

DUBAI

The Chairman of our holding company, and of absolute-pools International LLC in Dubai is Sultan Al Habtoor, one of the most well respected businessmen in Dubai. Sultan identifies with great brands through his business association with McLaren, Bugatti and Bentley!

OMAN

A member of the Board of our holding company and Chairman of Aljazem (absolute-pools) LLC in Oman, Saad Aljenaibi is a senior banker and a well respected member of the business community in the Sultanate.

ABU DHABI

Our sister company Signature Products incorporates a partnership with Masaood Ahmed Masaood, a member of one of the leading business families in Abu Dhabi.

Signature Products are the manufacturing company for absolute-pools.

SAUDI ARABIA

FiberWorks LLC incorporates a partnership with the TAAL Group in Riyadh, of which Abdulelah A. Al Sheikh is the Chairman.

Directors and shareholders include Managing Director Hosam Al-Rashoudi and Ibraheem H. Al-Rashoudi.

TAAL are at the leading edge of contemporary Real Estate development in the Kingdom of Saudi Arabia.
PROPOSITION

Traditionally permanent in ground pools are built from reinforced concrete (gunite) and tiled in-situ, on site with the expense, uncertainties and time requirements of this approach. Quality is subject to the level of supervision. Alternatives, such as plain fibre glass pools, provide a quick and easy fix but the products do not provide a tiled pool nor the long term quality and durability required. The Pre-Form, Composite pool provides the best of both approaches. The pools are manufactured, and hand tiled in the factory, with all fittings pre-installed, giving a fully tiled, permanent in-ground pool but without the need to construct on-site.

METHODOLOGY

absolute-pools provide a proven methodology to deliver multiple pool requirements. By maximizing the extent of pool construction/production work in factory-controlled conditions, the highest possible quality is assured and the on-site works are minimized. Professional project management and process driven installation ensures effective performance. We consider this an equally important part of the deliverables as much as the product quality.

EXPERIENCE

absolute-pools has unique experience on villa developments in the region, with over 2000 pools installed in the past 10 years. We supply pre-formed composite pools on an international basis. absolute-pools have the experience that counts to ensure professional, on-time, delivery.
GENERAL

absolute-pools provide, as standard, a number of features including:

- Easy access walk-in steps
- Seating and ledges
- Options for temperature control
- In-pool lighting
- A beautiful, hand tiled mosaic finish, with accent lines at the edge of all steps and seats for safety purposes.
- Safe, smooth, easy to clean surfaces
- A well engineered and proven sanitation system
- A wide range of optional extras and upgrades

The pool is provided with a GRP Pump House containing pre-engineered filtration and water treatment equipment.

absolute-pools take full responsibility for the complete process, giving you the peace of mind of a quality product, professionally installed and ready-to-use.

We aim for the pool user to have years of trouble-free enjoyment from a range of elegant yet functional pools, which reflect technical innovation and make an unmistakeable statement of quality and style.

SAFETY

All swimming pools are a potential hazard especially for young children and non-swimmers. There is no substitute for proper supervision of non-swimmers and children.

absolute-pools do everything they can to make the pool as safe as possible. The pool is well lit, with smooth, non-slip surfaces and no sharp edges. The pool has easy access, walk-in steps and a darker tile line at the edges of steps and seats. Special attention is given to electrical issues and to suction control.

All clients are provided with the absolute-pools Owners Guide which includes safety guidelines.
PRE-FORMED COMPOSITE POOL SHELL STRUCTURE

GRP (Glass Reinforced Plastic): The GRP outer body consists of spray applied, high performance resins reinforced with woven glass fibres.

PORCELAIN CERAMIC MOSAIC TILE: The internal finish is a hand applied mosaic tile finish, using epoxy grout to maximize in-use service life as well as providing the choice of a wide range of colours and styles.

EPOXY LAMINATE: The inner layer is a 2 part, reactive epoxy system. This proprietary system cures to form an Epoxy laminate which completely prevents exposure of the GRP to pool water and associated chemicals.

It is the composite structure of the 3 materials working together which provides the unique properties of the absolute-pools Pre-formed pool shell.
**POOL COMPARISON**

**GRP/Plastic**

**LOW COST**

**PROS**
- Smooth, non-porous surface.
- Installed faster than a gunite pool.

**CONS**
- Heat Distortion - a Pool surface gets hot, it can blister, crack, and fade at certain temperatures, depending on the type of fiberglass resin used.
- Limited in size / Design

**LIFE SPAN**
- 4 Years

**Concrete/Gunite**

**TRADITIONAL**

**PROS**
- Long History of industry use.
- Suits bespoke pool design.

**CONS**
- Takes min 3 months to build due to curing.
- Steel Reinforcement creates durability risk especially in corrosive environments.
- Needs acid washing & regrouting - approx every 3yrs. Maintenance intensive.
- Subject to the vagaries of on-site construction.
- Messy & noisy construction process.

**LIFE SPAN**
- 25+ Years

**Pre-Formed Composite**

**CONTEMPORARY**

**PROS**
- Composite Structure of Pool ensures its longevity.
- Outstanding finished appearance.
- Gives a completely water tight pool shell.
- Proven product with factory controlled quality.
- Quick & simple to install - 2 weeks on-site.
- Available in all pool types, including overflow & vanishing edge.

**CONS**
- More costly for some bespoke/adhoc designs.

**LIFE SPAN**
- 25+ Years
Choose the type and colour of tiles that you want.

Plan
We create a full CAD drawing with all the dimensions.

Draw
Your pool is built in house by qualified technicians.

Build
Our pools are delivered in 4-6 weeks.

Delivery
Your pool is now ready for use with friends and family.

Hand Over
2 weeks later, all works are completed.

Enjoy!

absolute-pools take full responsibility for the complete process, from design and production of the pool, through fast, efficient installation to handover of the pool ready-to-swim!

Once you are an absolute-pool owner our service doesn’t stop there: we provide a full ‘Care and Upkeep’ service to keep your pool in tip-top condition.

BEFORE

AFTER
The best thing about your pool should be the water

When you use your pool you need the assurance the water is clean, sanitized, safe & comfortable for pool users.

Traditionally pools have been sanitized by using chlorine chemicals. The problem with this is it can cause the water to feel hard and smell of chlorine, bleach hair and cause red-eye discomfort. Additionally, handling of chlorine chemicals is hazardous.

Contemporary pool water treatment systems avoid the need to add chlorine chemicals and provide much better solutions.

THE SALT SYSTEM

Works by converting salt in the pool water into sanitizing agents through electrolysis.

The capital outlay is offset by the saving on chemicals.

With a Salt System the water has no odour and is soft and gentle on the eyes and skin.

Use the Salt System for a sanitized salt water pool which is silky smooth to swim in.

NON-CHLORINE OXIDATION

There are several truly non-chlorine oxidation products that when added to the pool water effectively removes bacteria.

A modern alternative to the traditional use of chlorine.

Please contact us for further details.

WATER TEMPERATURE CONTROL

We offer a range of systems to keep your pool at a comfortable temperature year round. Electric Heaters, Heater/Chillers & Solar Covers.
FREE BOARD OR OVERFLOW

Free board pools provide a cost-effective approach

In most situations the water level will be below the level of the deck. This is called Free Board.

The use of border tiles immediately above the water line can create an attractive visual effect. The Free Board ensures pool users are aware of the perimeter of the pool, by the water level being at a different level to the deck.

This is the most common and popular type of pool.

An overflow pool complements the contemporary home

When the surface of the pool is flush with the deck, it creates a highly reflective surface and sleek contemporary look. The water appears motionless as it flows over all the edges simultaneously.

This effect is created by a perimeter overflow, a style used in many contemporary swimming pools.

This function is similar to an infinity-edge pool swimming pool which produces a visual effect of water extending to the horizon, vanishing, or extending to infinity.
Design your dream swimming pool

We offer a stunning range of standard pool styles to choose from in our Style Gallery.

However, if you wish, we can custom design your pool to your precise requirements.

Whether you require a Traditional or a Freeform pool, your pool can also be designed and built to your unique specifications by our professional design team.

We create pools that are 100% custom design for you. From size and shape to choice of finish, we work together to build your dream swimming pool that works well with the garden layout of your home.

DOWN TOWN BURJ DUBAI, DUBAI

Down-Town Burj Dubai is a vibrant community built around the world's tallest building, the Burj Kalifa and showcasing the world's largest shopping mall, a selection of prestigious hotels and a fully integrated residential community.

absolute-pools has installed pools and spas throughout the project and has served the Emaar residential communities across Dubai.

absolute-pools provided spa and penthouse balcony pools (80 No.) throughout the Old Town project and carried out the spa fit-out at the Palace Hotel.

To-date absolute-pools have installed nearly 1,000 pools for Emaar developments, including at the Arabian Ranches, Meadows and Mistral

Nirvana Spa, set in 12 acres of Berkshire countryside outside London, is the largest independent day-spa in the UK.

The installation of new pools had to cause minimal disruption to up to 2,500 guests who visit on a daily basis.

'We had a clear timeline with specific dates and the use of pre-formed pool shells enabled us to meet that to perfection. But what really impressed was the finished results. Beautiful, permanent, in-ground pools, adding real cache to the appeal of Nirvana Spa,' says Nirvana Founder Sean Barley.

The project required the installation of a mosaic finished 12m by 5m deck level pool, with an additional 4 overflow spas complete with unique sandstone gratings.

The pools are fully insulated to comply with the latest UK Code requirements and are finished to the exacting standards required of the high-end Wellness sector.
**ATLANTIS, THE PALM DUBAI**

Atlantis is the majestic focal point of Palm Jumeirah, the world renowned, man made island off Dubai’s coast.

A 1500 room beach hotel and spa resort themed on water and underwater activities.

**absolute-pools**, in association with DFL, carried out the complete ‘wet area’ fit out of the Shui Qi Spa located within the Royal Towers of Atlantis.

- Developer : Nakheel PSJC
- Owner: Istithmar World with Kerzner International Resorts
- Interior Design Consultant: Wilsons, USA
- Spa Consultants: Raison d’Etre Sweden
- Fit-out Contractor: ANLOR (Laing)

**absolute-pools** carried out the fit-out of the male, female and couples wet areas including: Klafs saunas, Steam rooms, Hydrotherapy pools, heated Laconium thrones, ice and the unique hot tub finished in one-piece terrazzo.

Four Seasons at Jumeirah Beach is in a prime location set on the beach in Dubai.

In keeping with its resort positioning the property is home to a world class spa, indoor and outdoor pools and private beach club.

The absolute Group through its aquatecture Design Division carried out the spa and pool design and the installations were executed on a design and build basis through absolute-pools.

absolute-pools carried out the fit-out of the male and female wet areas including spa whirlpools and a one of a kind indoor lap pool complete with arabian style pillars.
UPTOWN MOTOR CITY, DUBAI

A low-rise residential development, close to Dubai Autodrome, which features recreational areas and community living.

absolute-pools designed and built a number of community pools integrated throughout the development.

Completed 2009.

- Owner / Developer: Union Properties PJSC
- Consultant: Burt Hill Inc. USA
- Main Contractor: Al Futtaim Carillion

absolute-pools provided 8 community pools including oval, elliptical and trapezoidal styles plus a number of associated children’s pools and water features.

Uptown Motor City showcases the Pre-Formed Composite technology at it’s best.

Millennium Resort Mussanah is a four star hotel with 234 en-suite rooms, each offering impressive views of the Hajar Mountains, Marina or Gulf of Oman.

“The Millennium Resort Mussanah retains the world-class outdoor sporting facilities from the 2nd Asian Beach Games, incorporating four swimming pools, one of which is a ladies only private pool, the first of its kind for a hotel in Oman.”

The main pool was the largest pool in the world constructed with the Pre-Formed, Composite pool technology, at the time of construction.

- Developer: Omran, Government of the Sultanate of Oman
- Main Contractors: Larsen & Toubro (Oman) LLC

The Project consisted of a 46 metre long main pool, a Ladies only pool, two beach side Infinity pools and a Kids pool.

Additionally a number of poolside water features.

The complete project was carried out on a fast track basis using Pre-Formed Composite pool shells. All the work was completed in 16 weeks.
KEMPINSKI HOTEL & RESIDENCES
PALM JUMEIRAH, DUBAI

Kempinski Hotel & Residences is a beach front property located on the crescent, Palm Jumeirah. It is operated by the luxury European hotel group, Kempinski Hotels.

The cluster of villas and imposing penthouses all boast a temperature controlled, individual swimming pool.

**absolute-pools** carried out the design & build of the pools over a 24 month construction period, successfully handing over the project in 2010.

**absolute-pools** designed and built:
- 12 villa pools
- 32 apartment and penthouse pools
- 32 individual balcony spas

Located throughout the property from ground to the 6th floor level.

THE WAVE MUSCAT, SULTANATE OF OMAN

The Wave, Muscat is the first major resort and residential development in Muscat. It presents a unique lifestyle community featuring a 400 berth marina and Greg Norman designed golf course.

The residences consist of villas and townhouses with beach and garden views.

absolute-pools are proud to have partnered with The Wave since its inception in 2007, providing hundreds of villa pools as well as community pools for the townhouses.

Owner: The Government of the Sultanate of Oman in partnership with Majid Al Futtaim Group

Lead Consultant: WS Atkins

absolute-pools has designed, supplied and installed over 300 private villa pools and 4 community pools to date.

A variety of styles have been selected including infinity edge premium pools for beach front villas.
Saadiyat Beach Villas are situated on the exclusive Saadiyat Island just off the coast of Abu Dhabi. This is a world class, residential Business and tourism hub designed to showcase Abu Dhabi to the world.

The Project comprises of Luxury Villas, each with a private pool.

absolute-pools, in accordance with TDIC requirements, designed, supplied and installed over 50 pools in the villa gardens.

One of the key requirements of the client was to design with sustainability in mind. Accordingly all pools have innovative energy and water saving features.

- Developer: TDIC (Tourism Development and Investment Company)
- Owner: Abu Dhabi Government
- Lead Consultant: KEO Intl Consultants

- absolute-pools have designed and installed over 50 pools of various shapes and sizes since 2011.

- The styles include a 14 metre Oval with an vanishing edge side detail and a large Arabesque style pool, with a decorative ‘carpet’ set in the floor tiling.
Designed to offer luxury family accommodation in the heart of new Dubai. One of the aims of the development was to provide peace, privacy and quality.

absolute-pools worked closely with the main contractors and the consultants to deliver each villa with a fully-tiled, in-ground pool. The development was handed over in 2013.

absolute-pools supplied and installed 800 private villa pools in the popular Roman Style.

Since completion, absolute-pools has taken on several hundred pools on a ‘care & upkeep’ service contract.
